2. That the date of the above deposit is:

(check appropriate item below)

- ☒ before the U.S. filing date of this application.
☐ after the U.S. filing date of this application and proof that the culture(s) identified above is(are) the same culture(s) described in the application as filed is attached.

3. That the name and address of the depository is:

American Type Culture Collection (ATCC)

Name of depository

10801 University Blvd Manassas, VA 20110

Address of depository

4. That a statement that the culture(s) deposited with the above named depository was (were) viable and was (were) capable of reproduction, if appropriate, on the date of deposit is attached. Such statement is executed by:

(complete a, b or c below)

- a. ☒ the depository.
b. ☐ the applicant.
c. ☐ a competent third party.

WARNING: *If the applicant himself or a competent third party makes the statement that the microorganism is viable and is capable of reproduction, if appropriate, then the tests must have been performed on a sample certified to have been (1) received by the depository with the same samples actually deposited and (2) promptly returned to applicant.*

5. That, with respect to the permanence of the culture(s) deposit:

(complete a, b, or c)

- a. ☒ the depository is an official depository, in accordance with the Budapest Treaty for the above deposited culture(s).

The deposits were accompanied by: ☐ a scientific description ☒ a proposed taxonomic description indicated above. The deposits were received January 14, 1999 by this International Depository Authority and have been accepted.

AT YOUR REQUEST: ☒ We will inform you of requests for the strains for 30 years.

The strains will be made available if a patent office signatory to the Budapest Treaty certifies one's right to receive, or if a U.S. Patent is issued citing the strains, and ATCC is instructed by the United States Patent & Trademark Office or the depositor to release said strains.

If the cultures should die or be destroyed during the effective term of the deposit, it shall be your responsibility to replace them with living cultures of the same.

The strains will be maintained for a period of at least 30 years from date of deposit, or five years after the most recent request for a sample, whichever is longer. The United States and many other countries are signatory to the Budapest Treaty.

The viability of the cultures cited above was tested January 20, 1999. On that date, the cultures were viable.
